## ABOUT ME

## FRONT-END DEVELOPER

Hi, I am a Front-end developer with +2 year of development experience (including six months of commercial experience) in creating SPA.

I work with technologies such as React, TypeScript, Redux, Redux Toolkit, RTK-query, Redux-Saga and other related libraries.

Constantly improving my skills and I want to expand them with new technologies like Angular, Vue.js, React Native, GraphQL and others.

My goal is to eventually become a Full-stack developer.

In my free time, I enjoy solving problems on Codewars and learning about new technologies, also improve my English level.

I am always open to new opportunities and would be happy to chat and consider your proposals. Additional information in [Portfolio](#) or in [LinkedIn](#).
